

John D. Rockefeller

Is said to be the owner of many

RAIL ROAD SYSTEMS

AND EQUIPMENTS

While this man is enjoying the untold riches you shouldn't overlook the fact that VINITA has a Railroad Magnet within her borders, a man that is the owner of many Railroad Systems, Saw Mills and Manufacturing Plants, which would make many a heart glad to be the possessor of any one of them. These great systems have been bought during the great financial crisis and at a figure far below their actual value, which means that competitors are compelled to pay as much for them as we are asking you. These systems are now on display, one of which, the greatest in the west, may be seen in the window of the present owner.

CLOSED

Bank of Miami Did Not Open For Business This Morning

Special to the Daily Chieftain.
Miami, Okla., Dec. 7.—The Bank of Miami did not open its doors for business this morning, but it is thought that the suspension is only temporary. The bank had a capital of \$30,000 and carried deposits to the amount of \$80,000. The failure of the National Bank of Commerce at Kansas City is the principal cause of its suspension as they had several thousand dollars tied up in that institution. No one in Miami doubts but that the bank will open up in a few days on a more solid foundation than ever. The closing of the bank did not create any excitement here as the people have the utmost confidence in the bank's ability to pay every dollar to depositors. The stockholders and directors will hold a meeting Monday and it is thought they will arrange to reopen the bank at once.

Arthur Wise returned to Spavinaw last night, after a visit with Louis Zeno.

The Rebekah had a good meeting last night and elected officers as follows: Noble Grand, Mrs. J. K. Taylor; Vice Grand, Mrs. H. M. Williams; Secretary, Miss Myrtle Ellis; Treasurer, Miss Effie Cox.

CRISIS PASSED

Kansas City, Mo., Dec. 6.—There were no evidence of a run on any local banks in the early hours today. Bank officials generally gave it as their opinion that the crisis resulting from the failure yesterday of the National Bank of Commerce was over, and that normal condition would soon exist again. Many depositors were reassured by declarations of officials of that institution that it would not only pay its depositors in full, but that the stockholders also would lose nothing. One of the three small banks that closed yesterday, the First National Bank of Argentine, Kansas, re-opened for business this morning. The bank has deposits of a quarter of a million of dollars and the cashier says it is in a perfectly sound condition.

A Modern Lady Godiva

Amelia Bingham, in "A Modern Lady Godiva," the new and much discussed play by Frederick F. Schrader and Lloyd M. Bingham which she will present at the Vinita Auditorium next Tuesday night, has an emotional part calling for all the personal attractiveness and histrionic force of which she is a well-known mistress. Miss Bingham plays an English noblewoman who, under peculiarly tragic circumstances, poses for a painting of Lady Godiva with singularly interesting and dramatic results.

Judge T. L. Brown adjourned court this morning and took the train for his home in Claremore.

500 MINERS

Horrible Disaster in Pittsburgh District—Believed That Men Caught Like Rats in a Trap are Dead.

Pittsburg, Dec. 6.—A terrific and disastrous explosion occurred today in mines No. 6 and 8 of the Consolidated Coal Co., at Monongah, W. Va.

Mine Supt. Malon says at least five hundred men are entombed. It is believed a majority of the entombed are killed. The bodies of 3 miners were recovered near the mouth of mine No. 6.

It is feared the accident will turn out to be the worst in the history of mining in this country. Supt. Malon says he does not think any of the 500 men could escape alive from the forces of the explosion.

Special cars were dispatched from Fairmont to the scene. The mine was too full of gas and smoke for rescuers to enter.

The earth seemed to be rent at the moment of the shock.

Some idea of the force of the explosion may be gained from the fact that the props from the mine were not only blown out of the entry but were hurled clear across the Monongahala river.

REMOVAL OF RESTRICTIONS

The department of the interior has removed the restrictions on lands of the following named persons:

CHEROKEE

John M. Adair, Metory.
Ada F. Barr, Ruby.
Ellis W. Buflington, Tahlequah.

Bettie Shaw, nee Fair, Pryor Creek.
Sarah Renekar, Chance.
Samuel Kirk, Westville.
Ross Henson, Evansville, Ark.
Nancy J. Baker (Graham) Texanna.
Joseph Benge, Adair.

A small audience greeted J. C. Lewis in his rendition of "Si Plunkard" at the Auditorium last night. The inclement weather was largely the cause of the small attendance. The show is one of the best on the road and it is to be regretted that the attendance was not larger. Mr. Lewis said: "You have an opera house that is a credit to your city and the new State of Oklahoma and your people should manifest a greater interest in the attractions offered by its management."

Has a Great Role.

"A Modern Lady Godiva," the darling and dramatic play which Amelia Bingham and her strong company will present at the Auditorium on Tuesday Dec. 10, was written by Frederick F. Schrader and Lloyd M. Bingham. It is of direct contemporary interest, the scenes being laid in England at the present day, and the personage being of types familiar in modern, social and commercial life. Miss Bingham's role is the strongest and most fascinating she has ever had.

Suesine SILK

47 1-2 Cents Yard

A full line of Colors and Shades, including the entire Brown family.

VINITA'S BIG DEPARTMENT STORE

Some Interesting Questions

Who, or what causes earth-quakes, volcanic eruptions, cyclones, ocean storms and railroad wrecks? Does God have anything to do with them? Does either God or Satan have anything to do with the recent financial storm? Why is there nearly always one or more deaths or suicides resulting from the failure of a bank or large business firm? Does God take away the wealth, children, friends, health and happiness of His people and those that love and serve Him?

Some light will be thrown on the questions in the morning sermon at the Christian Church to-morrow. Each service during the day will be brief, bright, breezy and brotherly.

A cordial invitation is extended to all.

A. J. Williams, Pastor.

A. B. Wright and N. K. Warner, returned last evening from the oil fields at Bartelsville.

O. L. Cannon has returned from the oil fields at Bartelsville.
